

Are you a
passionate
learner?

Do you work in a
learning
organization?

Will you invest
in your own
development
and are
looking for a
way to get
started?

Let us help
you!

Continual Learning Program: Employee Development

Provides tools and resources for promoting continual learning, individual development, and strategic workforce development at the Department of Energy. It includes three learning sessions described below.

Keep Learning Even with Tight Budgets

When you attend the session, you will be able to:

- ✓ Discuss the Importance of continual learning
- ✓ Explain an easy way to approach self-development
- ✓ Create blended learning strategies for development
- ✓ Use a tool for planning your IDP

Let's Work on Your IDP

When you attend the session, you will be able to:

- ✓ Describe DOE IDP requirements
- ✓ Explain the IDP process
- ✓ Explain IDP roles & responsibilities
- ✓ Discuss the benefits of having an IDP
- ✓ Describe high-quality IDPs

Employee Development for Supervisors

When you attend the session, you will be able to:

- ✓ Describe IDP roles & responsibilities
- ✓ Explain the IDP process
- ✓ Describe high-quality IDPs
- ✓ Discuss ways to facilitate effective employee development
- ✓ Use tools for employee development
